

1st International Conference on Computer Science and Engineering 2014 (ICON-CSE-2014)

Palembang, 30 Sep- 2 October 2014

This Conference Sponsored by :

CALL FOR PAPERS

Provided by:

Faculty of Computer Science, Universitas Sriwijaya, Indonesia
Institute of Advanced Engineering and Science (IAES)
Kırıkkaleli University, Turkey

WELCOME NOTE

Welcome to Palembang and to ICON-CSE-2014!

Welcome!

In partnership between Faculty of Computer Science, Sriwijaya University, Kirklareli University and Institute of Advanced Engineering and Science (IAES), we are delighted to be hosting the first international conference on computer science and engineering 2014 from September 30- October 2 and welcome all the Scientists, engineers and students from various countries in world. This is a great privilege and we are honored to host the conference this year.

There will be a number of “firsts” for this event. For the first time, the conference will take place at the very heart of a Historical city, the City of Palembang, which will give it a different flavor, more spectators and more excitement. The first international conference on computer science and engineering 2014 is more than just a conference but a good educational platform, to generate a good research and publication among young and talented students, scientists and engineers who will be the future scientists, engineers and technology innovators.

We hope that you find these events exciting, inspiring and truly enjoyable! We want you to experience Palembang (Indonesia) hospitality and realise that it's more fun in the Palembang (Indonesia)!

Welcome to all of you and SELAMAT DATANG!

Assoc.Prof.Dr. Ir. Siti Nurmaini, MT

THE CONFERENCE

The First international Conference on computer Science and Engineering is a collaboration between Fakultas ilmu komputer Universitas Sriwijaya (FASILKOM UNSRI), Kirklareli University and Institute of Advanced Engineering and Science (IAES) as technical cosponsors, is organized to promote interdisciplinary understanding of computer science and engineering, their underlying science and technology, and their application to government and commercial endeavors.

TECHNICAL PROGRAM

This Call invites papers reporting original work or state-of-the-art that will enhance knowledge of:

- Computer systems, science and technology
- Applications of computer systems and technology to military, civilian or commercial endeavors
- Systems engineering and management science in the computer industry
- Government policy that directs or drives computer programs, systems and technologies.

To specify this knowledge, we are divided into 13 topic areas, which are:

1. Automatic Control and System Engineering
2. Artificial Intelligence
3. Machine Learning
4. Robotics and Autonomous Systems
5. Internet Research, Data Communication and Computer Network
6. Image Processing, Vision and Graphics
7. Biomedical and Bioinformatics Engineering
8. Programmable Devices, Circuits and Systems

9. Computer Based Learning
10. Software Engineering
11. Information System
12. Digital Signal Processing
13. Energy and Power System

NETWORKING PROGRAM?

The Networking Program provides opportunities for engaging and collaborating research with other scientists, engineers and students.

WHO SHOULD ATTEND?

This is a conference for Participants. Consider attending if you have a professional interest in Computer Science and Engineer and wish to:

- Present results and insights from your own work.
- Interact with colleagues who present papers in your field.
- Engage with people and ideas across a broad spectrum of computer science and engineer

PAPER SUBMISSION

Papers of 6–10 pages must be submitted for review no later than Wednesday, April 30, 2014, a firm deadline! Each paper must be in final publishable format and submitted via the conference website as a Microsoft word file. Format requirements, tools, and conversion templates are provided in the Author's Instructions on the website. Papers will be reviewed and comments made available to authors for electronic download by May 17. **REVISED papers** responsive to reviewer

comments must be submitted to the web site by Sunday, May 20, 2014.

The important dates:

Full paper submission	April 30, 2014
Notification of acceptance	May 25, 2014
Registration due	June 30, 2014
Conference date	September 30- October 2, 2014

Questions regarding the review process may be directed to:

Dr. Reza Firsandaya Malik,
Paper Review Chair
Email : rezafm@unsri.ac.id

Access to an ICON-CSE Copyright Form, available on the paper submittal page of the conference website. The form must be submitted by June 1, 2014.

Submitted papers are considered for the conference **Best and Selected Paper**, which is selected prior to the conference on the basis of technical innovation and quality of the written paper will be promoted for publishing in a 'special issue open access journal' of Computer Engineering and Applications Journal (*ComEngApp-Journal*), International Journal of Informatics and Communication Technology (*IJ-ICT*) and Balkan Journal of Electrical & Computer Engineering (*Bajece*).

REGISTRATION

The conference registration fee includes:

- Access to all technical sessions
- Conference Proceedings on CD-ROM
- Conference Digest and Schedule
- Recreation activities discount
- Networking/Social Program
